

NEVER MIND THE BANKERS

HERE'S THE

Camp for
Climate Action

EDINBURGH 2010

Join us for four days of action against the Royal Bank of Scotland. From coal extraction sites in the UK to tar sands destruction in Canada, RBS is a major investor in climate chaos around the world.

So come to Edinburgh for four days of action, education, sustainable living and movement building as we take back control of this 'publicly' owned bank.

SATURDAY 21ST - TUESDAY 24TH AUGUST 2010
